My audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules 1 and 2 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in my opinion, except for the effects of such adjustments, if any, as might have been determined necessary had I performed audit procedures related to the investment of Micbrooks Partnership, and had that investment been presented on a consolidated basis, as referred to in the third paragraph, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The accompanying notes are an integral part of these financial statements.

#### **Notes to Financial Statements**

#### September 30, 2006 and 2005

#### **Nature of Business**

Means Investment Company, Inc. is a full service brokerage firm located in Bangor, Maine. Its customers consist of individuals located primarily in New England. The Company is a registered broker/dealer under the Securities Exchange Act of 1934 and is a member of NASD (National Association of Securities Dealers, Inc.) and SIPC (Securities Investors Protection Corporation). Credit is extended without collateral. The Company is exempt from the provisions of SEC Rule 15c3-3, Customer Protection- Reserves and Custody of Securities, since it does not hold customer funds or securities.

#### Summary of Significant Accounting Policies

#### **Financial Statement Presentation**

The Company holds a 66 2/3% interest in Micbrooks Partnership. Management has elected to account for the investment under the equity method even though the ownership would require consolidation in accordance with Statement of Financial Accounting Standards No. 94, "Consolidation of All Majority-Owned Subsidiaries." The effect on the financial statements of this departure from generally accepted accounting principles has not been determined. The Company also holds a 2 1/8% limited partner interest in RSC Realty Holdings LLC, which is accounted for under the equity method.

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Securities Transactions**

Commission revenue is recorded net of clearing costs. Securities and commodity transactions are recorded on a settlement date basis. There were no material trades, which had not settled as of September 30, 2006 or 2005.

#### Cash

The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant risk on cash or cash equivalents.

#### Notes to Financial Statements

September 30, 2006 and 2005

#### **Summary of Significant Accounting Policies (Concluded)**

#### **Cash Equivalents**

All liquid investments with original maturities of less than ninety days that are not held for sale in the ordinary course of business are considered to be cash equivalents for purposes of the statement of financial condition and statement of cash flows.

#### **Marketable Securities Owned**

Marketable securities owned are stated at their market value at the balance sheet date. Unrealized gains or losses are reflected in the statements of income. Realized gains and losses are computed based upon the specific security sold.

#### **Property and Equipment**

Property and equipment are depreciated by straight-line and accelerated methods over the estimated useful lives of the respective assets.

#### Income Taxes

The Company has elected S Corporation status effective October 1, 2001. Earnings and losses after that date will be included in the personal income tax returns of the stockholders. Accordingly, the Company will not incur additional income tax obligations, and future financial statements will not include a current provision for income taxes unless "built in gains" tax is realized. Deferred income taxes related to S Corporation "built in gains" would be applicable until September 30, 2011. Built in gain tax is a corporate level tax on the difference between the cost basis and market value of investment securities at October 1, 2001. It will be realized only if those securities held for investment on October 1, 2001 are sold prior to September 30, 2011.

#### 2. Marketable Securities Owned

Marketable securities owned consist of trading and investment securities at market values, as follows:

| •                |   | <u>2006</u>  | <u>2005</u>  |
|------------------|---|--------------|--------------|

As discussed in Note 1, the Company changed its tax status from taxable to nontaxable in 2001. All of the tax provision in 2006 and 2005 relate to the calculation of "built in gains" tax.

#### **Notes to Financial Statements**

September 30, 2006 and 2005

#### 5. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rules (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At September 30, 2006 the Company had net capital of \$2,158,915 which was \$1,908,974 in excess of its SEC required net capital of \$250,000. The Company's net capital ratio was 0.04 to 1. The Company also has a contractual obligation with NFS clearing to maintain net capital of \$200,000.

#### 6. Contingency

The Company has guaranteed a mortgage note payable with an outstanding balance of \$85,327 at September 30, 2006 and \$102,986 at September 30, 2005 for Micbrooks Partnership.

#### 7. Related Party Transactions

The Company owns a  $66^2/_3\%$  interest in Micbrooks Partnership, which owns one-half of the building occupied by the Company. #### Reconciliation to the Company's Part II (unaudited) Focus Report

The decrease of \$39,110 in shareholders' equity is principally comprised of a \$10,000 increase in charitable contributions and a \$35,000 increase in compensation. The increase in non-allowable assets is the result of recording the equities of an unconsolidated subsidiary and a real estate investment.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL

To The Stockholders
Means Investment Company, Inc.

In planning and performing my audit of the financial statements of Means Investment Company, Inc. for the year ended September 30, 2006, I considered its internal control, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that I considered relevant to the objectives stated in Rule 17a-5(g); (1) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(11) (2) in ascertaining that the company is exempt from Rule 15c3-3 no facts came to my attention to indicate that the exemption had not been complied with since my last examination.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are require to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control component does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving internal control, including procedures for safeguarding securities that I considered to be material weakness as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate as of September 30, 2006 to meet the SEC's objectives.

This report is intended solely for the use of management, the SEC, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and should not be used for any other purpose.
